	Confirmation Number	5176
	Filing/371(c) Date	04-16-1999

	Examiner Name	WESSENDORF, TERESA D.
<p>Title: <i>"Multiparameter FACS Assays to Detect Alterations in Cellular Parameters and to Screen Small Molecule Libraries"</i></p>		

Sir:

Applicants hereby notify the Office that the duration of the Patent Term Adjustment (PTA) determined for the above-captioned application, for which a Notice of Allowance was mailed on October 16, 2012, is longer than Applicants had anticipated. Specifically, Applicants note that 341 days of PTA were applied to the instant application based on a Decision on Appeal by the BPAI on July 21, 2010 (item number 143 in the Office's calculation of PTA). However, since the Examiner was affirmed in this appeal, Applicants submit that the PTA award may be in error and should be reconsidered.

Respectfully submitted,
